I just noticed that I haven't done a game review on beating the Kirby Squeak Squad DS game.

The most challenging levels are the boss fights!

The first fight is against Eggman.

I'm making up names for the enemies, Hoppybunny, Sparkcloudy, Afeetix, Shelly.

The second boss fight is against Hoppbunny.

The third boss fight is against Sparkcloudy.

The fourth is against Afeetix.

Fifth is Daroach, the squeak squad leader.

The next is fighting Shelly.

The next boss fight is against a tv show Kirby character.

The last boss fight is against the King Overlord.

After defeating the Overlord king, you get Kirby's item that were stolen from the seventh boss fight. The item is the strawberry short cake.

I'm done.
