After the release of Metal Gear Solid Anniversary Collection, Konami has release another collection for its gamers – the Metal Gear Solid: The Essential Collection . The Metal Gear Solid: The Essential Collection includes the directors cut of MGS 2: Substance, the original MGS, and the MGS 3: Subsistence. So, grab your own copy now before Metal Gear Solid 4 comes out! It is a great value because it comes with three games. Why purchase separate Metal Gear Solid games when you can just purchase this great collection where you can have all the three MGS games. It is considered as a collectible item as the renowned artist Shinkawa made the packaging artwork design. {mosgoogle}
